Uhde India renders Engineering Services for Reichold India's Resin plant in Ranjangaon, Pune.....

Uhde India is rendering Detailed Engineering & Site Supervision Services for Reichold India's Unsaturated Polyester Resin Plant at Ranjangaon, Pune, Maharashtra. The scope of work comprises Detailed Engineering, Technical Procurement Assistance, Planning & Project Management and Site Supervision Services. The contract was awarded to Uhde India earlier this year.

Reichhold is the world's largest supplier of unsaturated polyester resins for composites and coating resins for a wide variety of applications. It has 18 manufacturing sites in 11 countries, and is present in the Americas, Europe, Asia and the Middle East. The 13,200 metric tons unit is its first manufacturing facility in India. Initially, the plant will focus on manufacturing unsaturated polyester resins (UPR) which has a number of uses in chemical, industrial and general purpose sectors.

Uhde India is amongst India's leading Consultancies in the Process Plant Industry and has implemented a number of projects for the chemical and allied industries, including industrial plants.
